## CAREER OBJECTIVE

To work for an organisation which provides me the opportunity to improve my skills and knowledge to growth along with the Organisation .

---

## EDUCATION

**Bachelors in Electrical and Electronics Engineering | CGPA 7 | 2019-2023**  
( Mahatma Gandhi University )

**Intermediate (MPC) | 93% | 2017-2019**  
( Gouthami Junior College )

**SSC | 88% or CGPA 8.8 | 2016-2017**  
(Sri Adithya High School )

---

## PROJECT EXPERIENCE

### MAJOR PROJECT : HOME AUTOMATION USING NODE MCU WITH GOOGLE ASSISTANT

Description : Description: In this project, we are going to connect some of the home electrical appliances to the relay module and control it through the ESP32 microcontroller based on wireless Bluetooth communication thus, it helps people to reduce work and better household management.

### MINI PROJECT : VOICE CONTROL ROBOT USING SMART PHONE

Description : Creating a voice-controlled robot using a smartphone involves integrating the smartphone's microphone and software with the robot's control system. You can use a programming language or a platform like Arduino, Raspberry Pi, or microcontrollers to process voice commands received from the smartphone and translate them into actions for the robot. Popular voice recognition APIs like Google's Speech-to-Text can help with converting spoken words into text that the robot can understand. Is there something specific you'd like to know about this process.

---

## TECHNICAL SKILLS

- **Frontend** : - HTML , CSS , JAVASCRIPT .
- **Backend** - python , c++.
- **Databases** - SQLite .

---

### **KEY STRENGTH**

---

- **Communication Skills**
  - **Leadership qualities**
  - **Responsible**
  - **Positive attitude**
- 

### **HOBBIES**

---

- **Listening Music**
  - **Swimming**
  - **Reading Books**
- 

### **DECLARATION**

---

I hereby declare that the information furnished above is true to the best of my knowledge and belief.
